

BOMB DESTROYS TENEMENT HOUSE

Terrific Explosion Results in Four Deaths.

POLICE MAKE GHASTLY FIND

New York Authorities Unearth Seized Hand Clutching Piece of Wire Ready for Connection—Belief Prevails Accident Took Place While Bomb Was Being Prepared for Use Against John D. Rockefeller.

New York, July 6.—In the ruins of the Lexington avenue tenement house wrecked by the premature explosion of a powerful bomb which killed Arthur Caron and three other persons the authorities found evidence that the distribution of inflammatory literature which was printed there and at the time of the explosion it was apparently a bomb factory, filled with the ingredients of death dealing missiles.

A small printing press, revolutionary pamphlets and circulars, an electric dynamo, two electric batteries, cartridges and bits of steel were among the articles uncovered, which tend, in the opinion of the police, to show an anarchistic plot to assassinate. That a demonstration, halted by the bungling of some one who was preparing an infernal machine for its mission, was planned against the Rockefeller family in Tarrytown is the theory upon which the authorities are working.

Two of those killed in the wrecked apartment were prominent agitators, who were to be placed on trial at Tarrytown on charges of disorderly conduct in connection with the campaign of demonstration inaugurated against John D. Rockefeller, Jr., as a protest against his attitude in the Colorado coal mine strike.

The body of the fourth victim of the explosion was found. It was that of Charles Berg, known in I. W. W. circles as "the big Swede," an associate of Caron. The other victims were Charles Hanson and Mary Claston. The woman lived in an apartment next to the one occupied by Caron and his associates.

Equally interesting as the discovery of anarchistic literature and electrical machinery in the ruins of Caron's room was the assertion of I. W. W. leaders that Caron was not a member of that organization, having recently been refused admission. They declare that the I. W. W. had nothing to do with the explosion. Why Caron was denied a place among the workers was a point they did not make clear.

A gruesome but suggestive piece of evidence was a severed hand which clutched pieces of wire made ready for connections. The authorities believe that the owner of this hand was in the act of making an electric connection for one of the bombs and a battery when the explosion occurred and he was blown to pieces.

SUICIDE PACT SUCCESSFUL

Minneapolis Doctor Shoots His Wife and Himself.

Minneapolis, July 6.—A suicide pact ended in the death of Dr. Kaute Martin Tegen and his wife in their one-room apartment. The husband shot Mrs. Tegen in the mouth and then shot a bullet into his own head. The wife had been given morphine, too, the police said.

A special delivery letter was sent by the couple to their son, Hjalmar O. Tegen, a few minutes before the fatal shots were fired. Another note pinned on the wall in the hallway at the apartment house was addressed to neighbors informing them of the suicide pact.

PRESENTS LINCOLN STATUE

North Dakota Governor Heads Delegation to Norway.

Christiania, Norway, July 6.—A tribute to the Scandinavians who supported the American union and fought in its armies during the Civil war was paid here by U. S. L. B. Hanna of North Dakota, Governor L. B. Hanna of North Dakota, who, at the head of a delegation of his fellow citizens, presented to Norway a bronze statue of Abraham Lincoln.

Of the men who settled the Northwest part of the United States, said Governor Hanna, none from foreign lands made more valued citizens or have risen to greater eminence than those of Norwegian parentage.

SALE OF ROAD REQUESTED

Bill of Complaint Filed Against Chicago and Eastern Illinois.

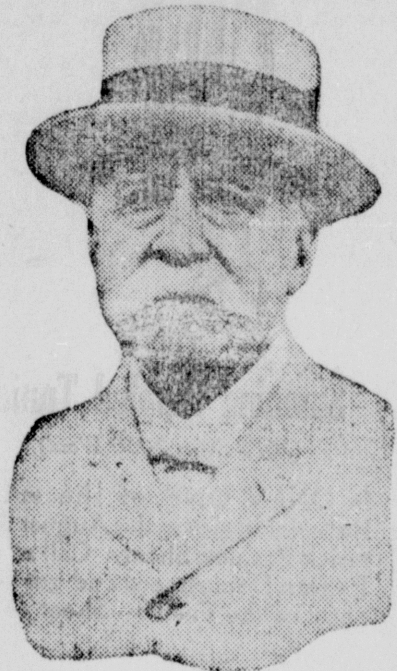

Chicago, July 6.—A further step in the reorganization of the Chicago and Eastern Illinois Railroad company was taken here when the Bankers' Trust company of New York, as trustee of the refunding 4% of the railroad company, filed a bill of complaint against the company.

The move requests the sale of the road.

ADMIRAL DEWEY.

Poses for His Picture for First Time in Years.

© 1914, by American Press Association.

This is the first posed picture that has been made of Admiral Dewey in years. It was taken on his arrival in New York aboard the presidential yacht, the Mayflower. On recommendation of the secretary of the navy President Wilson put the yacht at the disposal of Admiral Dewey, who is not in the best of health.

BITTER FEELING FOLLOWS FUNERAL

Austrian Papers Devote Columns to Discussion.

Vienna, July 6.—Now that the bodies of the murdered Archduke Francis Ferdinand and his wife, the Duchess of Hohenberg, repose beneath the castle chapel at Artstettin, a bitter controversy is raging over the manner in which the funeral was conducted. The newspapers are devoting columns to the discussion. Moderate opinion inclines to the belief that the court officials made the ceremonial too painfully correct, while the friends of the duchess are indignant at the emphasis laid on her inferior birth.

According to reports published in the leading Vienna papers the reception of the bodies at Poehchlarn, across the Danube, was attended by scandalous proceedings. A violent thunder storm upset all the prearranged ceremony and the coffins hurriedly were carried to the waiting room of the station, where they were placed on the stone paved floor and remained there two hours or more.

Meanwhile the volunteer firemen, who were supposed to be assisting the local gendarmes in controlling the arrangements, were drinking beer and eating sausages, while the more important persons strolled about smoking cigars in close proximity to the coffin containing the body of the late heir to the throne.

LEFT OVER FIREWORKS KILL

Springfield Girl of Eight Dies From Burns.

Springfield, Ill., July 6.—While playing with fireworks left over from the Fourth of July celebration, Helen Washki, eight years old, received burns which resulted in her death two hours later. Saturday evening Dorothy Dickson, six years old, daughter of Adjutant General Frank S. Dickson, suffered serious burns while celebrating the Fourth at Camp Lincoln. Major Harry Johnson was burned in putting out flames which enveloped the child when her dress caught on fire from a sparkler.

FAT BOY'S WEIGHT Baffles Physicians.

Baltimore, July 6.—Henry Lewis, thirteen years of age, of Philadelphia, is a patient at the University hospital suffering from an ailment that baffles the physicians. The boy has been gaining steadily in weight and now weighs 190 pounds. The boy's weight was normal until recently when he began to take on flesh at such a rate that his parents became alarmed. He does not appear to suffer much inconvenience and the only treatment at this time consists of a strict diet.

KILLED WHEN AUTO SKIDS

Two Persons Meet Death and Three Fatally Hurt.

Somerset, Pa., July 6.—Two persons were killed and six injured when an automobile driven by James Topley of East McKeesport skidded when he attempted to pass another automobile on the Lincoln highway near Stoystown and rolled down an embankment.

The dead are: Dollie Price, six years old, daughter of William Price, Everett, and James Topley, forty years old, contractor, East McKeesport.

Mrs. Topley, J. J. Hildinger, fifty years old, of McKeesport, and Mrs. Hildinger are in a Johnstown hospital and will die.

ECONOMY NOW BEING PRACTICED

Congress to Make No Public Buildings Appropriations.

WILL REDUCE THE TOTAL.

Fifty Millions Thereby Cut From Cost of Operating the Government For a Year—Contest in Sight Over Sundry Civil Appropriation Bill—Oppose United States Building at Exposition.

By ARTHUR W. DUNN.

Washington, July 6.—[Special.]—Hereafter economy is to be practiced by the present session of congress. There is to be no public building bill until next winter. By that time the elections will have taken place, and the forty or fifty million dollars which go into a public building bill will not be used to swell the total of the appropriations of the present year.

There is considerable disappointment among members of congress who have promised certain towns in their districts that they shall have public buildings, but the leaders have decreed otherwise. "They won't let us," remarked Chairman Clark of the public building committee when asked if there would be a bill. He did not say who "they" were, but it is naturally inferred that the group would include Speaker Clark, Leader Underwood, Chairman Fitzgerald of the appropriations committee, A. Mitchell Palmer of Pennsylvania, Swager Sherley of Kentucky and perhaps a few others who are trying to keep down the appropriations to the lowest possible limit.

Sharp Contest in Sight.

An amendment has been proposed to the sundry civil appropriation bill in the senate appropriating \$500,000 for a building for the government exhibit at the San Francisco exposition. This is going to mean a very sharp contest because the representatives of California promised that there would be no government expense attached to the location of the exposition in San Francisco.

On the other hand, the people of California think that if the government is going to make an exhibit it ought to erect its buildings just as the states and other governments are doing. The house has never been enthusiastic about expositions and has always yielded with reluctance on appropriations for this purpose, consequently there will be a stiff fight before the San Francisco issue is allowed.

Not Faint Hearted.

Chairman Fitzgerald of the appropriations committee is not entirely stone hearted, although members of the appropriation committee characterize him as being the watchdog of the treasury. Not long since a question came up about an appropriation for a park in Oklahoma. An attempt was made to defeat the appropriation, Congressman Page of North Carolina saying that the state of Oklahoma refused to take the park as a gift, but that they insisted that the government should pay out money every year to maintain it.

In answer to a question as to why this money was allowed Chairman Fitzgerald said: "We had to give it to them. The pitiful wail that went up from Oklahoma that the government property was being destroyed, mutilated and mistreated and that some patriotic citizens were serving the government without pay was too much."

A Western Idea of the Indians.

Senator Mark Smith of Arizona talked discouragingly about the ultimate civilization of the Indians. "A beautiful theory hangs around the Indian," he told the senate, "and people living in the east all their lives are apt to get familiar with the tribe of Penlope Cooper Indians that never did exist and form their opinions on that theory. Take this one thing of educating the Indian—let him sing a song, throwing him forcibly, if you please, through a schoolhouse, and then, because he can read, thinking you have an elevated citizen."

The Arizona senator said that taking the Indians from their reservations and educating them and letting them go back home was ruinous and it was worse for the girls. Senator Townsend of Michigan, who has an idea that the Indians have been badly treated, said that if he held the same opinion as Mark Smith he would be much discouraged about the Indians.

Delighted His Yankee Soul.

During discussion over the sale of the Idaho and Mississippi, to be replaced by a big battleship, Congressman Gardner of Massachusetts said: "How any one can haggle over this for a moment I do not know. This trade delights my Yankee soul."

Directness of the Speaker.

There is one thing about Champ Clark and that is that he always endeavors to straighten out parliamentary tangles and quibbles rather than to tie the house up in a bowknot. Heretofore many speakers have endeavored to block political opponents by a technicality of the rules, but that isn't the way with Speaker Clark. One day in replying to Progressive Leader Murdock, who was sticking for a technicality, Champ said, "The chair does not think it amounts to a baybee which way the vote upon this question is put," and over the protest of Murdock he had his way.

Once Over.

Some men attract no more attention than a thermometer on a pleasant day.—Chicago News.

HENRY FORD.

Auto Manufacturer Will Call on President Wilson.

FORD TO CALL ON WILSON

Manufacturer Agrees Business Outlook Is Good.

Washington, July 6.—Henry Ford, the Detroit manufacturer, who was invited by President Wilson last week to call at the White House to discuss business conditions, has accepted the invitation and will lunch with Mr. Wilson Thursday. He is understood to agree with the president's opinion that the business outlook is good.

A different story will be told the president Thursday by a delegation of Chicago business men. They plan to protest against certain features of the pending anti-trust measures.

KNOWS NOTHING OF RESIGNATION STORY

American Minister to Greece Explains His Report.

Athens, July 6.—George Fred Williams, the American minister to Greece, whose recent statements regarding conditions in Albania have aroused much discussion, said he knew nothing of the report that President Wilson had invited him to resign. He reiterated that he had received instructions from his government to visit Epirus and confer with the international commission, but admitted that the state department at Washington was not responsible for his report.

Referring to the Corfu protocol he said that it gave the Epiotes no effective guarantee, because a majority of the powers, including Great Britain, refused to send troops to the interior of Albania; moreover, it rejected the Epiote demands that the gendarmerie should not be employed, even in the case of "force majeure," outside the borders of Epirus, and that for a time the governors should be foreigners belonging to a neutral state.

A member of the international commission at Durazzo informed Mr. Williams that these demands were not accepted and never would be accepted and without these guarantees, Mr. Williams declared, the promises of the powers were absolutely illusory.

ROOSEVELT CANCELS SPEAKING DATES.

Oyster Bay, N. Y., July 6.—Two engagements to speak at New England Progressives this month were canceled by Colonel Roosevelt that he may have an uninterrupted six weeks of rest. He was to have gone to Hartford July 23 and Boston the following day. He probably will make speeches in those cities about the middle of August.

TEN DEATHS BY FIREWORKS

List Expected to Be Increased From the 867 Injured.

Chicago, June 6.—Revised figures announced by the sane Fourth committee, a Chicago organization, show a total of ten deaths caused by fireworks throughout the nation in this year's celebration of Independence day. This list doubtless will be increased by deaths of injured, of which 867 were reported. In the 1913 celebration 25 deaths were reported and 1,032 injured.

FOREST FIRE IN INDIANA

About a Square Mile Is Burned Over Near Georgetown.

Indianapolis, July 6.—Reports of a disastrous forest fire in Brown county were exaggerated. At Georgetown it was said that, while forest fire had raged there, it was under control. The fire extended only over about a square mile.

A Silent Partner.

Willie—Paw, what is a silent partner? Pa—A heepped husband, my son.—Cincinnati Enquirer.

SMALLEST VOTE IN MANY YEARS

MAN ON BICYCLE FIRES AT DOCTOR

Strange Sequel to Recent Tragedy at Freeport, N. Y.

BULLETS FAIL TO DO HARM

While Dr. Carman, in Whose Office Mrs. Louise Bailey Was Shot Last Tuesday Evening, Was Returning Home in an Auto With a Friend a Man on a Wheel Fired Several Shots at Him.

Freeport, N. Y., July 6.—Dr. Carman, in whose office Mrs. Louise Bailey was murdered Tuesday evening, was shot at three times as he drove in his automobile through the town of Baldwin, near here. None of the bullets struck him. The doctor was on his way home from Rock Hill Center, where he had been to attend a patient.

Dr. Carman told the police the story of the attack upon him. He had been out making professional calls and passed through Rockville Center on his way home. There he met Garland Gaden, an actor, and invited him to ride home with him.

"Gaden accepted the invitation," continued Dr. Carman in telling his story, "and got into the car. We stopped in a store and as we again got into the car, a small coupe, I noticed a man on a bicycle near the curb. We drove off without paying any particular attention to the man."

"When about a mile and a half out of town I heard a report and thought one of my tires had exploded. My friend got out of one side of the machine and I got out the other. As soon as I put my foot on the ground I heard another shot and when I looked around I saw the same man I had seen when we came out of the store standing beside his bicycle with a revolver in his hand. Gaden shouted: 'My God, Carman, he's trying to kill you.'"

Pulls Throttle Wide Open. "We both jumped into the car, there was another report and a bullet went singing by my head. Gaden and I leaned far over in our seats to be out of range of bullets and I opened the throttle as far as it would go."

The authorities placed special significance on the fact that the would be assassin was said to have been riding on a bicycle. During the night following the murder of Mrs. Bailey, when bloodhounds were used, they circled the Carman house once and then started off down the same road on which Dr. Carman was returning home.

The detective who had charge of the hounds at that time said they had much difficulty in following the scent and expressed the belief that the person they were following was riding a bicycle.

Sufficient evidence has been discovered to warrant the arrest of a woman for the murder of Mrs. Louise Bailey in the office of Dr. Carman last Tuesday night, according to Sheriff Stephen P. Pettit of Nassau county. The sheriff refused to discuss the exact nature of this evidence. He announced that the woman would be taken into custody before the end of the week. The sheriff added that the important evidence in his possession would not be presented at the inquest.

MINERS BEAT TOWN OFFICER

Marshal of Holman, Minn., Receives Fracture of Skull.

Duluth, July 6.—When he attempted to dispel a group of Austrian miners who were causing a disturbance on the streets of Holman, a mining town near Grand Rapids, Marshal Joseph Klesky was beaten over the head with a brick and left unconscious.

Four of the miners were captured by Sheriff Riley and Deputy Sheriff Gunderson of Grand Rapids. Klesky was taken to a hospital at Coleraine, where physicians found his skull was fractured. He has little chance of recovery, they say.

The men had been drinking at a saloon and after Sheriff Riley had captured the officer's assailants he returned and arrested the woman proprietor of the saloon on a charge of selling liquor after hours.

TWO ARE KILLED; ONE HURT

Auto Dashes Through Gates and Into Electric Train.

New York, July 6.—Two persons were killed and another seriously injured when an unmanageable automobile broke through the gates of a Long Island railroad crossing at Hempstead, overturned and was wrecked as it crashed into a passing electric train. Samuel Molostowski, forty years old, owner and driver, was instantly killed; Miss Bessie Zatulove, twenty years, an occupant of the car, died at a hospital, and her sister, Irene, twenty-six years old, probably will die.

General Elections in Federal Portion of Mexico.

PEOPLE SHOW NO INTEREST

General Huerta Appears to Be Favorite Candidate for President and War Minister Blanquet for Vice President—All Present Members of Senate and Chamber of Deputies Are Apparently Re-Elected.

Mexico City, July 6.—Elections for president, vice president, deputies and senators were held in that portion of the republic controlled by the Huerta government. In Mexico City there was an almost complete abstention from voting and indifference was manifested everywhere.

General Huerta appeared to be the favorite candidate for the presidency and General Blanquet, the present war minister, for the vice presidency.

President Huerta, it is reported, received a virtually unanimous vote of confidence. The returns indicate the re-election of all the present members of the chamber of deputies and the senate.

The lightest vote in many years was cast both in the capital and nearby towns.

VIEW ELECTIONS LIGHTLY

Some Mexicans Believe They Will Have Little Effect.

Vera Cruz, July 6.—Mexicans from the interior and those just beyond the American lines do not regard seriously the elections which were held. It is pointed out that such elections scarcely could have a conciliatory effect on the constitutionalists and never could be regarded as legal, since the government is powerless to comply with the provisions of the law that the votes be cast freely throughout the territory.

ARE MOVING ON QUERETARO

Rebels Believe Federals Will Make Final Stand There.

Eagle Pass, Tex., July 6.—Information brought by messengers from Saltillo was that troops from the division of the east have been ordered by General Pablo Gonzales to proceed at once to Queretaro. This move is regarded as significant of the part the division of the east intends to play in the capture of Mexico City, as the final stand of the federals probably will be made at Queretaro. The movement to Queretaro was precipitated by the withdrawal of a body of federal troops under General Pascual Orozco from the Queretaro garrison, to reinforce the garrison of Mexico City.

BISHOP KENNEDY VERY ILL

Rector of American College Soon to Go to Alban Hills.

Rome, July 6.—Bishop Thomas Kennedy, the rector of the American college, has given his friends several anxious hours of late. He was suddenly seized at the college with a serious attack of heart trouble. He was removed to the hospital of the Blue Nuns for better nursing and is now able to sit up in a chair for several hours daily.

His sisters and his friend, Mgr. Fagher, all of Philadelphia, are now with him and it is hoped that he will soon be able to be moved to the summer quarters of the college, at Albano, in the Alban Hills, where he will have fresh air, scented by the pines, and can look at the sea across the Roman Campagna.

FREIGHT TRAIN HITS AUTO

Three Persons Killed and One Mortally Injured.

Aurora, Ill., July 6.—When an automobile attempted to cross the Burlington railway three persons were killed and mortally injured by a freight train near Shabbona, Ill.

The killed are: Dr. and Mrs. H. P. Greely of Lee, Ill., and Mrs. C. W. Richardson, Chicago.

The automobile, which was being driven by Dr. Greely, darted out on the tracks from behind a clump of trees that obscured the view until too late for efforts of himself or the engineer to be of any avail.

The dead are:

Edith Pfeiffer, twenty-two years old, and Hazel Pfeiffer, twenty-four years old.

The young women, who were sisters, were caught beneath the automobile, but the young men were thrown clear of the wreckage.

The dead are:

Edith Pfeiffer, twenty-two years old, and Hazel Pfeiffer, twenty-four years old.

The young women, who were sisters, were caught beneath the automobile, but the young men were thrown clear of the wreckage.

BOMB DESTROYS
TENEMENT HOUSETerrific Explosion Results in
Four Deaths.

POLICE MAKE GHASTLY FIND

New York Authorities Unearth Severe Hand Clutching Piece of Wire Ready for Connection—Belief Prevails Accident Took Place While Bomb Was Being Prepared for Use Against John D. Rockefeller.

New York, July 6.—In the ruins of the Lexington avenue tenement house wrecked by the premature explosion of a powerful bomb which killed Arthur Caron and three other persons the authorities found evidence that Caron's apartment was the center for the distribution of inflammatory literature which was printed there and at the time of the explosion it was apparently a bomb factory, filled with the ingredients of death dealing missiles.

A small printing press, revolutionary pamphlets and circulars, an electric dynamo, two electric batteries, cartridges and bits of steel were among the articles uncovered, which tend, in the opinion of the police, to show an anarchistic plot at assassination. That a demonstration, halted by the bungling of some one who was preparing an infernal machine for its mission, was planned against the Rockefeller family in Tarrytown is the theory upon which the authorities are working.

Two of those killed in the wrecked apartment were prominent agitators, who were to be placed on trial at Tarrytown on charges of disorderly conduct in connection with the campaign of demonstration inaugurated against John D. Rockefeller, Jr., as a protest against his attitude in the Colorado coal mine strike.

The body of the fourth victim of the explosion was found. It was that of Charles Berg, known in I. W. W. circles as "the big Swede," an associate of Caron. The other victims were Charles Hanson and Mary Claston. The woman lived in an apartment next to the one occupied by Caron and his associates.

Equally interesting as the discovery of anarchistic literature and electrical machinery in the ruins of Caron's room was the assertion of I. W. W. leaders that Caron was not a member of that organization, having recently been refused admission. They declare that the I. W. W. had nothing to do with the explosion. Why Caron was denied a place among the workers was a point they did not make clear.

A gruesome but suggestive piece of evidence was a severed hand which clutched pieces of wire made ready for connections. The authorities believe that the owner of this hand was in the act of making an electric connection for one of the bombs and a battery when the explosion occurred and he was blown to pieces.

SUICIDE PACT SUCCESSFUL

Minneapolis Doctor Shoots His Wife and Himself.

Minneapolis, July 6.—A suicide pact ended in the death of Dr. Knute Martin Tieggen and his wife in their one-room apartment. The husband shot Mrs. Tieggen in the mouth and then sent a bullet into his own head. The wife had been given morphine, too, the police said.

A special delivery letter was sent by the couple to their son, Hjalmar O. Tieggen, a few minutes before the fatal shots were fired. Another note pinned on the wall in the hallway at the apartment house was addressed to neighbors informing them of the suicide pact.

PRESENTS LINCOLN STATUE

North Dakota Governor Heads Delegation to Norway.

Christiania, Norway, July 6.—A tribute to the Scandinavians who supported the American union and fought in its armies during the Civil war was paid here by Governor L. B. Hanna of North Dakota, U. S. A., who, at the head of a delegation of his fellow citizens, presented to Norway a bronze statue of Abraham Lincoln.

Of the men who settled the Northwest part of the United States, said Governor Hanna, none from foreign lands made more valued citizens or have risen to greater eminence than those of Norwegian parentage.

SALE OF ROAD REQUESTED

Bill of Complaint Filed Against Chicago and Eastern Illinois.

Chicago, July 6.—A further step in the reorganization of the Chicago and Eastern Illinois Railroad company was taken here when the Bankers' Trust company of New York, as trustee of the refunding of the railroad company, filed a bill of complaint against the company.

The move requests the sale of the road.

A Western Idea of the Indians.

Senator Mark Smith of Arizona talked discouragingly about the ultimate civilization of the Indians. "A beautiful theory hangs around the Indian," he told the senate, "and people living in the east all their lives are apt to get familiar with the tribe of Penlope Cooper Indians that never did exist and form their opinions on that theory. Take this one thing of educating the Indian—let him sing a song, throwing him forcibly, if you please, through a schoolhouse, and then, because he can read, thinking you have an elevated citizen."

The Arizona senator said that taking the Indians from their reservations and educating them and letting them go back home was ruinous and it was worse for the girls. Senator Townsend of Michigan, who has an idea that the Indians have been badly treated, said that if he held the same opinion as Mark Smith he would be much discouraged about the Indians.

Delighted His Yankee Soul.

During discussion over the sale of the Idaho and Mississippi, to be replaced by a big battleship, Congressman Gardner of Massachusetts said: "How any one can haggle over this for a moment I do not know. This trade delights my Yankee soul."

Directness of the Speaker.

There is one thing about Champ Clark and that is that he always endeavors to straighten out parliamentary tangles and quibbles rather than to tie the house up in a bowknot. Heretofore many speakers have endeavored to block political opponents by a technicality of the rules, but that isn't the way with Speaker Clark. One day in replying to Progressive Leader Murdock, who was sticking for a technicality, Champ said: "The chair does not think it amounts to a bayonet which way the vote upon this question is put," and over the protest of Murdock he had his way.

Once Over.

Some men attract no more attention than a thermometer on a pleasant day. —Chicago News.

HENRY FORD.

Auto Manufacturer Will
Call on President Wilson.

FORD TO CALL ON WILSON

Manufacturer Agrees Business Outlook Is Good.

Washington, July 6.—Henry Ford, the Detroit manufacturer, who was invited by President Wilson last week to call at the White House to discuss business conditions, has accepted the invitation and will lunch with Mr. Wilson Thursday. He is understood to agree with the president's opinion that the business outlook is good.

A different story will be told the president Thursday by a delegation of Chicago business men. They plan to protest against certain features of the pending anti-trust measures.

KNOWS NOTHING OF
RESIGNATION STORY

American Minister to Greece Explains His Report.

Athens, July 6.—George Fred Williams, the American minister to Greece, whose recent statements regarding conditions in Albania have aroused much discussion, said he knew nothing of the report that President Wilson had invited him to resign. He reiterated that he had received instructions from his government to visit Epirus and confer with the international commission, but admitted that the state department at Washington was not responsible for his report.

Referring to the Corfu protocol he said that it gave the Epiotes no effective guarantee, because a majority of the powers, including Great Britain, refused to send troops to the interior of Albania; moreover, it rejected the Epiote demands that the gendarmerie should not be employed, even in the case of "force majeure," outside the borders of Epirus, and that for a time the governors should be foreigners belonging to a neutral state.

A member of the international commission at Durazzo informed Mr. Williams that these demands were not accepted and never would be accepted and without these guarantees, Mr. Williams declared, the promises of the powers were absolutely illusory.

ROOSEVELT CANCELS
SPEAKING DATES.

Oyster Bay, N. Y., July 6.—Two engagements to speak at New England Congresses this month were canceled by Colonel Roosevelt that he may have an uninterrupted six weeks of rest. He was to have gone to Hartford July 23 and Boston the following day. He probably will make speeches in those cities about the middle of August.

TEN DEATHS BY FIREWORKS

List Expected to Be Increased From the 867 Injured.

Chicago, June 6.—Revised figures announced by the sane Fourth committee, a Chicago organization, show a total of ten deaths caused by fireworks throughout the nation in this year's celebration of Independence day. This list doubtless will be increased by deaths of injured, of which 867 were reported. In the 1913 celebration 25 deaths were reported and 1,032 injured.

FOREST FIRE IN INDIANA

About a Square Mile Is Burned Over Near Georgetown.

Indianapolis, July 6.—Reports of a disastrous forest fire in Brown county were exaggerated. At Georgetown it was said that, while forest fire had raged there, it was under control. The fire extended only over about a square mile.

A Silent Partner.

Willie—Paw, what is a silent partner? P—A heukked husband, my son.—Cincinnati Enquirer.

SMALLEST VOTE
IN MANY YEARSMAN ON BICYCLE
FIRES AT DOCTOR

Strange Sequel to Recent Tragedy at Freeport, N. Y.

BULLETS FAIL TO DO HARM

While Dr. Carman, in Whose Office Mrs. Louise Bailey Was Shot Last Tuesday Evening, Was Returning Home in an Auto With a Friend a Man on a Wheel Fired Several Shots at Him.

Freeport, N. Y., July 6.—Dr. Carman, in whose office Mrs. Louise Bailey was murdered Tuesday evening, was shot at three times as he drove in his automobile through the town of Baldwin, near here. None of the bullets struck him. The doctor was on his way home from Rockhill Center, where he had been to attend a patient.

Dr. Carman told the police the story of the attack upon him. He had been out making professional calls and passed through Rockville Center on his way home. There he met Garland Gaden, an actor, and invited him to ride home with him.

"Gaden accepted the invitation," continued Dr. Carman in telling his story, "and got into the car. We stopped in a store and as we again got into the car, a small coupe, I noticed a man on a bicycle near the curb. We drove off without paying any particular attention to the man."

"When about a mile and a half out of town I heard a report and thought one of my tires had exploded. My friend got out of one side of the machine and I got out the other. As soon as I put my foot on the ground I heard another shot and when I looked around I saw the same man I had seen when we came out of the store standing beside his bicycle with a revolver in his hand. Gaden shouted: 'My God, Carman, he's trying to kill you!'"

Pulls Throttle Wide Open.

"We both jumped into the car, there was another report and a bullet went singing by my head. Gaden and I leaned far over in our seats to be out of range of bullets and I opened the throttle as far as it would go."

The authorities placed special significance on the fact that the would be assassin was said to have been riding on a bicycle. During the night following the murder of Mrs. Bailey, when bloodhounds were used, they circled the Carman house once and then started off down the same road on which Dr. Carman was returning home.

The detective who had charge of the hounds at that time said they had much difficulty in following the scent and expressed the belief that the person they were following was riding a bicycle.

Sufficient evidence has been discovered to warrant the arrest of a woman for the murder of Mrs. Louise Bailey in the office of Dr. Carman last Tuesday night according to Sheriff Stephen P. Pettit of Nassau county.

The sheriff refused to discuss the exact nature of this evidence. He announced that the woman would be taken into custody before the end of the week. The sheriff added that the important evidence in his possession would not be presented at the inquest.

MINERS BEAT TOWN OFFICER

Marshal of Holman, Minn., Receives Fracture of Skull.

Duluth, July 6.—When he attempted to dispel a group of Austrian miners who were causing a disturbance on the streets of Holman, a mining town near Grand Rapids, Marshal Joseph Klesky was beaten over the head with a brick and left unconscious.

Four of the miners were captured by Sheriff Riley and Deputy Sheriff Gunderson of Grand Rapids. Klesky was taken to a hospital at Coleraine, where physicians found his skull was fractured. He has little chance of recovery, they say.

The men had been drinking at a saloon and after Sheriff Riley had captured the officer's assailants he returned and arrested the woman proprietor of the saloon on a charge of selling liquor after hours.

TWO ARE KILLED; ONE HURT

Auto Dashes Through Gates and Into Electric Train.

New York, July 6.—Two persons were killed and another seriously injured when an unmanageable automobile broke through the gates of a Long Island railroad crossing at Hempstead, overturned and was wrecked as it crashed into a passing electric train. Samuel Molostowski, forty years old, owner and driver, was instantly killed; Miss Bessie Zatulove, twenty years, an occupant of the car, died at a hospital, and her sister, Irene, twenty-six years old, probably will die.

General Elections in Federal
Portion of Mexico.

PEOPLE SHOW NO INTEREST

General Huerta Appears to Be Favorite Candidate for President and War Minister Blanquet for Vice President—All Present Members of Senate and Chamber of Deputies Are Apparently Re-Elected.

Mexico City, July 6.—Elections for president, vice president, deputies and senators were held in that portion of the republic controlled by the Huerta government. In Mexico City there was an almost complete abstention from voting and indifference was manifested everywhere.

General Huerta appeared to be the favorite candidate for the presidency and General Blanquet, the present war minister, for the vice presidency.

President Huerta, it is reported, received a virtually unanimous vote of confidence. The returns indicate the re-election of all the present members of the chamber of deputies and the senate.

The lightest vote in many years was cast both in the capital and nearby towns.

VIEW ELECTIONS LIGHTLY

Some Mexicans Believe They Will Have Little Effect.

Vera Cruz, July 6.—Mexicans from the interior and those just beyond the American lines do not regard seriously the elections which were held. It is pointed out that such elections scarcely could have a conciliatory effect on the constitutionalists and never could be regarded as legal, since the government is powerless to comply with the provisions of the law that the votes be cast freely throughout the territory.

ARE MOVING ON QUERETARO

Rebels Believe Federals Will Make Final Stand There.

Eagle Pass, Tex., July 6.—Information brought by messengers from Saltillo was that troops from the division of the east have been ordered by General Pablo Gonzales to proceed at once to Queretaro. This move is regarded as significant of the part the division of the east intends to play in the capture of Mexico City, as the final stand of the federals probably will be made at Queretaro. The movement to Queretaro was precipitated by the withdrawal of a body of federal troops under General Pascual Orozco from the Queretaro garrison, to reinforce the garrison of Mexico City.

BISHOP KENNEDY VERY ILL

Rector of American College Soon to Go to Alban Hills.

Rome, July 6.—Bishop Thomas Kennedy, the rector of the American college, has given his friends several anxious hours of late. He was suddenly seized at the college with a serious attack of heart trouble. He was removed to the hospital of the Blue Nuns for better nursing and is now able to sit up in a chair for several hours daily.

His sisters and his friend, Mr. Father, all of Philadelphia, are now with him and it is hoped that he will soon be able to be moved to the summer quarters of the college, at Albano, in the Alban Hills, where he will have fresh air, scented by the pines, and can look at the sea across the Roman Campagna.

FREIGHT TRAIN HITS AUTO

Three Persons Killed and One Mortally Injured.

Aurora, Ill., July 6.—When an automobile attempted to cross the Burlington railway three persons were killed and mortally injured by a freight train near Shabbona, Ill.

The killed are: Dr. and Mrs. H. P. Greely of Lee, Ill., and Mrs. C. W. Richardson, Chicago.

The automobile, which was being driven by Dr. Greely, darted out on the tracks from behind a clump of trees that obscured the view until too late for efforts of himself or the engineer to be of any avail.

TWO YOUNG WOMEN KILLED

Caught Beneath Auto When Machine Overturns.

Washington, July 6.—Two young women were killed and two young men probably were mortally injured near here when an automobile in which they were riding went into a ditch.

The dead are: Edith Pfeiffer, twenty-two years old, and Hazel Pfeiffer, twenty-four years old.

The young women, who were sisters, were caught beneath the automobile, but the young men were thrown clear of the wreckage.

DEVELOPMENTS OF
WEEK ON RANGE

Rowe Pit Mine at Riverton is the
First Pit Mine to Ship
Ore This Season

ADVENT OF NEW MINING CO.

The Inter-State Iron Co. to Mine Cuy-
una Iron & Manganese Ore
Co. Holdings

As predicted, the Rowe pit mine of
the Pittsburgh Steel Ore Co., at Riv-
erton has been the first pit mine on
the Cuyuna range to ship this sea-
son. Tuesday afternoon at 5 o'clock
the big steam shovel crowded its nose
into the ore and loaded 15 cars and
on Wednesday it struck a fast gait,
loading 80 cars that day and this gait
it is expected, will be maintained the
balance of the shipping season. Over-
burden at the Rowe mine was moved
more cheaply than at any other pit
mine location in Minnesota. Huge
electrical pumps discharged their
streams against the caving banks
and exposed the ore body, while two
big sand suckers sucked it up and
carried away the debris. Variable
speed, slipping type motors are in
use. The 300 line is shipping the
tonnage. Riverton is feeling the
impetus and will have a big growth
this season.

The Pennington pit mine has a
shovel at work, but no shipping has
been done to date this season. Last
year the Pennington shipped 100,000
tons. The Thompson pit mine of the
Inland Steel Co. has a steam shovel
at work preparing the pit. Ship-
ping is expected to commence in Au-
gust when about 250,000 tons, it is
said, will be handled.

An event of far reaching impor-
tance to the entire Cuyuna range is
the entrance of the Inter-State Iron
company, a large eastern concern,
who this week placed drills on the
property of the Cuyuna Iron & Man-
ganesse Ore company, in section 10,
township 46, range 29, adjoining the
property of the Tod-Stambaugh com-
pany's Pennington mine. It is un-
derstood that the Inter-State Iron
company is well satisfied with the
showing made by the Cuyuna Iron &
Manganese Ore company and a few
drill holes will be put down to test
out the ore body, after which the
property will be opened up by the
open pit method and another large
shipper will undoubtedly be added
to the coming season's output.

The Cuyuna Iron & Manganese Ore
Company has made a wonderful suc-
cess of its property, in just a year of
hard work one of the largest bodies
of high grade ore ever found on this
range was shown up and the fact
that a mining company with a stand-
ing which the Inter-State has would
consider a property at this time is
ample evidence that the company has
a proposition of extreme merit and is
ample reward to the officers and stock-
holders, who are mostly Duluth, Su-
perior and Mesabi range people.

The apparent lethargy on the range
has been further broken by the op-
erations of the Merrimac Mining
company who have surveyed the lo-
cation of their main shaft immedi-
ately north of Crosby and have com-
menced the building of a warehouse
and office building, the foundations
for the same having been completed.
The Alexandria Security company
owning two-fifths, John G. Williams
owning two-fifths and B. Magoffin,
Jr., of Deerwood owning one-fifth,
have leased to the Cuyuna-Reality Co.,
part of the southwest quarter of the
southwest quarter of section 1, town-
ship 46, range 29. The lessee will
pay for all iron ore containing less
than .060 of one per cent phosphorus
mined and removed from said land
during three months preceding the
first day of the month in which pay-
ment is made 62 cents per ton, but
for all ore containing .060 of one per
cent or more phosphorus it will pay
but 42 cents a ton. The Cuyuna
Reality company will pay the lessors
\$16,250 each year for the first thirty
years of the term.

The Cuyuna-Mills Lacs mine is
shipping. The Cuyuna-Duluth mine
at Ironton has made no shipments to
date this season. The Adams mine
at Oreland has a crew at work and is
stockpiling. The Armour No. 2 and
the Kennedy mine of the Rogers,
Brown Ore Co. are shipping from
shaft to cars and in addition the Ar-
mour No. 2 is shipping from its
stockpiles. The welcome report is
heard on the range that Rogers,
Brown Ore Co. has added to its force
of miners in Crosby and Ironton.

Interest is being sustained in the
south range where it is expected that
a Brainerd or foreign mining com-
pany will mine the Barrows mine.
The fee owners are the Brainerd Min-
ing company. The property is a
most desirable one. The Northern
Pacific railway taps the property. At
Woodrow the Wilcox mine has reach-
ed ledge with its shaft and is now
pumping about 50 gallons, just a
trickle of water. Supt. Allen Mac-
Kay is well pleased with the progress
made. Rails have been laid half the
distance from Loerch on the main
line of the Northern Pacific railway
to Woodrow and the mine. Fifty
men are at work at the mine. At
the townsites houses are being built,
streets graded and cement sidewalks
will soon be laid.

Murphy's
THE STORE OF QUALITY

the postoffice on South Sixth street,
the Brainerd-Cuyuna Mining com-
pany is sinking its second shaft.
The No. 2 shaft is now down 65 feet,
digging having progressed that far.
The steel piling was driven down 77
feet by Capt. John O. Martin and is
now about 12 feet from ledge. The
No. 1 shaft, which was first flooded,
is now clear to 65 feet. Nineteen
men are employed. About 450 gal-
lons a minute are being pumped.

The county poor farm of Crow
Wing county, also situated on the
south range, is being explored by the
Longyear exploration company,
which has completed its third hole
and has just spotted the fourth hole
at a point 600 feet southwest of the
third hole. The first hole revealed
nothing. The second had 50 per cent
ore, 25 feet or more of it, at 175 to
200 feet depth. The third hole was
bare of iron content. The Longyear
people are under contract to drill
nine holes and if the property is
found desirable, they have the op-
tion to call for a mining lease of 50
years duration.

A release of option has been filed
by the grantee in the option given
by the Superior-Cuyuna Iron Co. to
J. T. Leirimo. The option was can-
celed by Leirimo because he had not
commenced exploration operations by
June 1, 1914 and he surrendered to
the mining company all rights to the
contract dated April 13, 1914, the
land being situated in the east half
of the northeast quarter of section
10 township 46, range 28.

A new drill has been placed in sec-
tion 34, township 46, range 28 east
of Bay Lake. There has just been
placed two miles south of Brainerd
and across the Mississippi river to the
west a new drill believed by many to
be one of the Fredrickson drills. The
Crow Wing Iron Co. has two drills
in section 9, township 45, range 29.
Mr. Osterberg, of International Falls,
being superintendent. The Seafeld
Exploration company, headquarters
Ironton, has a drill in section 3,
township 46, range 29 operating for
the Cuyuna-Sultana company. The
company also has a drill in section
20, township 47, range 28, across
Rabbit lake where good ore has been
found on the Dehning property.
Three holes have been put down so
far, with over 165 feet of ore and
some assaying as high as 60 per cent.

Louis Rouchleau and W. A. Rouch-
leau, of Minneapolis, were on the
range this week. C. J. O'Connell,
who has his main laboratory at Cros-
by, is now also operating a branch
laboratory in Riverton. Riverton,
by the way, enjoys the distinction of
being a "white man's" town. No
foreign miners or those unable to
speak English are desired or em-
ployed by the company.

There has been filed an agreement
entered into between the Cuyuna
Iron Ore Co., the Northern Water
Power Co., the Northwest Paper Co.,
P. H. Nelson, the Williams-Carlson
Ore Co. and the Pittsburgh Steel Ore
Co., covering lots 8 and 9 of section
18, township 46, range 29 owned by
the Cuyuna Iron Ore Co., concerning
the rights of the power company to
maintain the water at the Brainerd
dam at a certain level and those af-
fected by the flow to reclaim land
flooded and to build dikes, dams,
bulkheads, etc., if necessary. There
has been recorded the mining lease
made by the Cuyuna Iron Ore Co. Feb-
ruary 7, 1913 to the Williams-Carl-
son Ore Co., being for a term of 50
years, royalty at 35 cents a ton. For
the first year commencing August 1,
1913 not less than 25,000 tons was
to have been mined; the second year
35,000 tons, third year 45,000 tons,
for the year commencing August 1,

DEVELOPMENTS OF WEEK ON RANGE

Rowe Pit Mine at Riverton is the First Pit Mine to Ship Ore This Season

ADVENT OF NEW MINING CO.

The Inter-State Iron Co. to Mine Cuyuna Iron & Manganese Ore Co. Holdings

As predicted, the Rowe pit mine of the Pittsburgh Steel Ore Co., at Riverton has been the first pit mine on the Cuyuna range to ship this season. Tuesday afternoon at 5 o'clock the big steam shovel crowded its nose into the ore and loaded 15 cars and on Wednesday it struck a fast gait, loading 80 cars that day and this gait it is expected, will be maintained the balance of the shipping season. Overburden at the Rowe mine was moved more cheaply than at any other pit mine location in Minnesota. Huge electrical pumps discharged their streams against the caving banks and exposed the ore body, while two big sand suckers sucked it up and carried away the debris. Variable speed, slipping type motors are in use. The Soo line is shipping the tonnage. Riverton is feeling the impetus and will have a big growth this season.

The Pennington pit mine has a shovel at work, but no shipping has been done to date this season. Last year the Pennington shipped 100,000 tons. The Thompson pit mine of the Inland Steel Co. has a steam shovel at work preparing the pit. Shipping is expected to commence in August when about 250,000 tons, it is said, will be handled.

An event of far reaching importance to the entire Cuyuna range is the entrance of the Inter-State Iron company, a large eastern concern, who this week placed drills on the property of the Cuyuna Iron & Manganese Ore company, in section 10, township 46, range 29, adjoining the property of the Tod-Stambaugh company's Pennington mine. It is understood that the Inter-State Iron company is well satisfied with the showing made by the Cuyuna Iron & Manganese Ore company and a few drill holes will be put down to test out the ore body, after which the property will be opened up by the open pit method and another large shipper will undoubtedly be added to the coming season's output.

The Cuyuna Iron & Manganese Ore Company has made a wonderful success of its property, in just a year of hard work one of the largest bodies of high grade ore ever found on this range was shown up and the fact that a mining company with a standing which the Inter-State has would consider a property at this time is ample evidence that the company has a proposition of extreme merit and is ample reward to the officers and stockholders, who are mostly Duluth, Superior and Mesabi range people.

The apparent lethargy on the range has been further broken by the operations of the Merrimac Mining company who have surveyed the location of their main shaft immediately north of Crosby and have commenced the building of a warehouse and office building, the foundations for the same having been completed.

The Alexandria Security company owning two-fifths, John G. Williams owning two-fifths and B. Magoffin, Jr., of Deerwood owning one-fifth, have leased to the Cuyuna-Realty Co. part of the southwest quarter of section 1, township 46, range 29. The lessee will pay for all iron ore containing less than .060 of one per cent phosphorus mined and removed from said land during three months preceding the first day of the month in which payment is made 62 cents per ton, but for all ore containing .060 of one per cent or more phosphorus it will pay but 42 cents a ton. The Cuyuna Realty company will pay the lessors \$16,250 each year for the first thirty years of the term.

The Cuyuna-Mills Laes mine is shipping. The Cuyuna-Duluth mine at Ironton has made no shipments to date this season. The Adams mine at Oreland has a crew at work and is stockpiling. The Armour No. 2 and the Kennedy mine of the Rogers, Brown Ore Co. are shipping from shaft to cars and in addition the Armour No. 2 is shipping from its stockpiles. The welcome report is heard on the range that Rogers, Brown Ore Co. has added to its force of miners in Crosby and Ironton.

Interest is being sustained in the south range where it is expected that a Brainerd or foreign mining company will mine the Barrows mine. The fee owners are the Brainerd Mining company. The property is a most desirable one. The Northern Pacific railway taps the property. At Woodrow the Wilcox mine has reached ledge with its shaft and is now pumping about 50 gallons, just a trickle of water. Supt. Allen MacKay is well pleased with the progress made. Rails have been laid half the distance from Loerch on the main line of the Northern Pacific railway to Woodrow and the mine. Fifty men are at work at the mine. At the townsite houses are being built, streets graded and cement sidewalks will soon be laid.

In the city of Brainerd a mile from

THE STORE OF QUALITY

the postoffice on South Sixth street, the Brainerd-Cuyuna Mining company is sinking its second shaft. The No. 2 shaft is now down 65 feet, digging having progressed that far. The steel piling was driven down 77 feet by Capt. John O. Martin and is now about 12 feet from ledge. The No. 1 shaft, which was first flooded, is now clear to 65 feet. Nineteen men are employed. About 450 gallons a minute are being pumped.

The county poor farm of Crow Wing county, also situated on the south range, is being explored by the Longyear exploration company, which has completed its third hole and has just spotted the fourth hole at a point 600 feet southwest of the third hole. The first hole revealed nothing. The second had 50 per cent ore, 25 feet or more of it, at 175 to 200 feet depth. The third hole was bare of iron content. The Longyear people are under contract to drill nine holes and if the property is found desirable, they have the option to call for a mining lease of 50 years duration.

A release of option has been filed by the grantee in the option given by the Superior-Cuyuna Iron Co. to J. T. Leirimo. The option was canceled by Leirimo because he had not commenced exploration operations by June 1, 1914 and he surrendered to the mining company all rights to the contract dated April 13, 1914, the land being situated in the east half of the northeast quarter of section 10 township 46, range 28.

A new drill has been placed in section 34, township 46, range 28 east of Bay Lake. There has just been placed two miles south of Brainerd and across the Mississippi river to the west a new drill believed by many to be one of the Fredrickson drills. The Crow Wing Iron Co. has two drills in section 9, township 45, range 29. Mr. Osterberg, of International Falls, being superintendent. The Seafeld Exploration company, headquarters Ironton, has a drill in section 3, township 46, range 29 operating for the Cuyuna-Sultana company. The company also has a drill in section 20, township 47, range 28, across Rabbit lake where good ore has been found on the Dehning property. Three holes have been put down so far, with over 165 feet of ore and some assaying as high as 60 per cent.

Louis Rouchleau and W. A. Rouchleau, of Minneapolis, were on the range this week. C. J. O'Connell, who has his main laboratory at Crosby, is now also operating a branch laboratory in Riverton. Riverton, by the way, enjoys the distinction of being a "white man's" town. No foreign miners or those unable to speak English are desired or employed by the company.

There has been filed an agreement entered into between the Cuyuna Iron Ore Co., the Northern Paper Power Co., the Northwest Paper Co., P. H. Nelson, the Williams-Carlson Ore Co. and the Pittsburgh Steel Ore Co. covering lots 8 and 9 of section 18, township 46, range 29 owned by the Cuyuna Iron Ore Co. concerning the rights of the power company to maintain the water at the Brainerd dam at a certain level and those affected by the flow to reclaim land flooded and to build dikes, dams, bulkheads, etc., if necessary. There has been recorded the mining lease made by the Cuyuna Iron Ore Co. February 7, 1913 to the Williams-Carlson Ore Co., being for a term of 50 years, royalty at 35 cents a ton. For the first year commencing August 1, 1913 not less than 25,000 tons was to have been mined; the second year 35,000 tons, third year 45,000 tons, for the year commencing August 1, 1914 (Continued on Page 4)

BRAINERD WINS TWO FROM STAPLES

Fourth of July Game with Staples
Ends with Score 9 to 6 in
Favor of the Locals

BOTH PITCHERS HIT FREELY

Sunday's Game Winds up 5 to 2,
Favor of Brainerd, Alderman
Pitching Good Game

Brainerd won both games of the two-game series with Staples, the Fourth of July game with its record breaking crowds and Victor pitching, going to the tune of 9 to 6 and the Sunday game 5 to 2 in favor of the locals, with Alderman on the mound.

In both games Brainerd showed its superiority to Staples. In Saturday's game Staples blew some money getting an imported pitcher, one Crawford, who it is said has tried to make the national league. Crawford had considerable speed and worked himself to death in the first innings. Brainerd took very kindly to Crawford's delivery and pounded him for 12 good hits.

Young Benda, formerly with the Speedwells, was tried out as short-stop and the Brainerd recruit showed up well. True, he broke a few bats, but he brought in the runs and he didn't wait for a hot liner to land near him but ran up to meet them. The way the boy worked was a very creditable performance and he drew considerable applause.

In the second inning Cook raced to first on a small hit and came home on Sheffield's hit. In the third Benda went out short to first. Gaven reached first and Erickson hit safely. Victor struck out. Larson's long fly was fumbled and dropped by Fox, in left field. Gaven and Erickson, but a few feet apart, tore in to the home plate and reached it almost simultaneously, falling down in a heap and bringing in two scores. Larson scored when Cook hit safely and the latter ran bases well and scored before Templeton was put out trying to steal second.

In the sixth inning Brainerd pounded poor Crawford all over the lot, Sheffield, Bush and Benda hitting and scoring. Larson scored again in the seventh. The box score of Saturday's game:

Score by innings:
Brainerd 0 1 4 0 0 3 1 0 x—9
Staples 0 1 1 0 0 0 4 0 0—6
Summary: Two base hits, Fox 2, Schroeder; sacrifice hits, Loom; stolen bases, Cook; struck out by Victor 7, by Crawford 6; bases on balls off Victor 1, Crawford none; passed ball, Gavin; double plays Bush to Cook. Umpires Hall and Elliot.

Sunday's game did not show up so much hitting, but was a better game throughout. Alderman pitched a fine game and showed his stamina by pitching himself out of the pinches. Ellis, Staples star pitcher, proved easy to Brainerd. They bided their time and when Ellis slowed up a little in the eighth, Brainerd turned loose its batting artillery and hammered Ellis to pieces. Erickson, Bush, Larson, Cook and Gaven hit

him. When it was over and three runs had been chalked up, Ellis sat down, wiped his head and wondered how the explosion had happened. In the first inning, before Ellis got under full head of steam, Erickson lifted a small fly and most of the Staples team crowded under the ball and nobody got it. Cook romped around and stole bases and scored as did Erickson.

A pretty double play was made in the third inning, Larson tossing Blanchette's grounder to Benda, who covered second, forcing out E. Schroeder and Benda whipped the ball to Cook, catching the runner Blanchett. The box score of Sunday's game:

BRAINERD										
	ab	r	h	po	a	e

FOURTH IS CELEBRATED

Good, Old Fashioned, Safe and Sure
Festivities Mark Brainerd's
Observance

BRAINERD CITY BAND PLAYS

Day and Night Fireworks, Parade,
Band Concert, Ball Game
and the Big Dance

Brainerd's celebration of the Fourth, unmarred by the usual rain, was a delight to young and old and to the visitors within our gates. There was the salute of guns in the morning, followed by the parade about town led by the platoon of mounted police, with Chief of Police S. W. Quinn, chief marshal and followed by the Brainerd City band, natty in their white duck trousers. After them came autos gayly decorated in the national colors.

The parade marched in the business section and then disbanded at Gregory park where a program of speaking had been prepared. After the Brainerd City band played a selection, prayer was offered by Rev. Caleb Benham, rector of St. Paul's Episcopal church. The Declaration of Independence was read by Judge W. A. Fleming. The orator of the day was Rev. G. Phil Sheridan, pastor of the First Congregational church, and he delivered what is considered one of the best Fourth of July addresses ever heard in Brainerd. He said in part:

"We assemble today as do the ninety million of our people to remind ourselves of the birth and mission of our nation. Throughout this land thousands of orations will be given, telling tales of sacrifice and devotion. Immortal sayings of our forefathers will be repeated and patriotism will be at its highest.

It is therefore most fitting that we as a city should join with the nation today in celebrating one of the most wonderful God-directed pieces of history ever recorded.

I wish to have you think upon a phrase used in the early days of our history, one that every loyal American ought to have burned into his life: 'This republic was not born to die.' In reviewing the history of other nations no matter how noble, how strong, they are dead or dying. We think of ancient Egypt, Assyria, Persia, Greece, Rome; we hear the crash of falling thrones and crumbled empires. They have gone the way of earth.

But our heroic fathers founded this nation with the belief in national immortality, and our early statesmen in building sure and strong the fabric of Free America, gave to us their successors an ideal suggested in their own words: 'This republic was not born to die.'

They realized that to make this true, to insure the permanency of America as a nation, certain principles must be laid and they set to work to lay them.

Thus it was our fathers resolved that 'men are created free and equal', that as men they are 'endowed with certain inalienable rights' and that among these are life, liberty and the pursuit of happiness.

Never were truer words spoken, never were surer foundations laid to ensure the setting up of the ideal they gave us. If America is to live, if it was born not to die, then its citizens must cherish the great principles of life, liberty and happiness. There are three things to consider, a life that is purposeful, liberty and happiness. For mark you this nation started with a purpose in view and it gives to every citizen a purpose. God grant that the day may never come when the American nation will stand for lives minus a purpose.

America was never intended to be the land of the idle, shiftless, indifferent sponger, it was intended to be the land of the free and the home of the brave.

Liberty means that equality of opportunity due to every man, not license, neither iconoclasm, or anarchism, but that spirit which is not bound by caste, race or social standards, a spirit that finds a man, and no matter what his pedigree may be recognizes in him 'a man for a' that'.

Happiness expresses itself in consideration for one's fellows. The man who hearing the cry for need from his fellows and passes by on the other side is not an American. He is either ignorant of American ideals or else he is guilty of the most shameful inhumanity.

Yes, life, liberty and the pursuit of happiness, think not however that our fathers gave us an easy ideal, the caring for and nurturing of the principles of life, liberty and happiness have cost life, liberty and happiness. The cost of preserving this nation has been great and a glorious one.

To preserve anything worth while means conflict, and every advance in national or individual progress must face its Calvary and sweat drops of blood. We as a nation have not missed these experiences, our Gethsemane and Calvary have been very real.

The speaker then traced the wars in which the United States had been involved and drew morals from them. "When we declared our independence we threw out a challenge to the

world. We said, 'Other nations have fallen. We will stand. Our nation must be so constructed as to build up a people worthy of life, liberty and happiness.'

All nations have watched and still with keen eye envy us. It has invited the world to our doors. It has made us the most expected nation. We have developed great individuals and an undying patriotism.

Our worst enemies are not foreign armies, etc., but citizens who are indifferent to these principles.

A man who joins a party, subscribes to any creed that is not willing to carry the American flag is not loyal, and is not deserving of enjoying the privileges of this country.

In the new patriotism of peace we are the leaders. Progress no longer rides on a powder cart driven by a war secretary. This new patriotism we are developing will burn bright when suns and stars are gross darkness, such a patriotism knows no latitude, longitude, race or clime.

We have had a glorious history. It has cost much and we are still building this nation 'that was born not to die.'

On this glorious Fourth I ask you. Shall our institutions crumble? Shall our ideals fail? Shall the bloom of example to the world depart? Shall the blood of the past be recorded as wasted? Shall the blood of the martyrs Lincoln, Garfield and McKinley be for naught? Let him go in sackcloth and ashes who dare proclaim such falsity. Our flag must remain unstained, our honor must remain unquestioned, our country must remain the example of liberty. America, the most expected nation, was not born to die but to live forever."

Hearty applause was frequently given Rev. Sheridan in the delivery of his address.

Early in the afternoon the day fireworks were shot off at the square near the depot grounds. Some were errors and especially so the last one, a figure of Uncle Sam. One lady said he had been shot in the Mexican war, but it looked as though it was some other part of his anatomy. However, the day fireworks pleased the little folks and they had a royal time gathering in the remains of the balloons as they floated down.

In the afternoon was billed the program of sports. The ball game was played with Staples at the Koorring grounds and attracted a big crowd, over 100 people coming from Staples on the afternoon train and in their automobiles. The band played every time Brainerd garnered a lot of runs.

In the evening the night fireworks were displayed at the Koorring grounds. The hillside about the ravine were black with people, carriages, automobiles, baby buggies, etc. Two set pieces shown were "Brainerd, 1914" and "Goodnight" at the finish. The sky rockets, bombs, etc., pleased everybody. The band played and was given hearty applause.

A grand ball at Gardner hall concluded the festivities. Praise should be accorded the president P. T. Brown Vice President D. A. Peterson and Secretary George Vogel and the arduous committees who all worked to make the day a big success. The Brainerd City band was a great factor also in making the day one of joy to everyone.

Get Rid of the Torment of Rheumatism

Remember how spry and active you were before you had rheumatism, backache, swollen, aching joints and stiff, painful muscles? Want to feel that way again? You can—just take Foley Kidney Pills. For they quickly clear the blood of the poisons that cause your pain, misery and tormenting rheumatism. H. P. Dunn.—Adv. mwf

MUSIC AND DRAMA

At the Columbia

The "Changling" and "Red Riding Hood of the Hills" proved to be one of the strongest and most pleasing bills ever given there. The Essnay Co. gave us one of their celebrated plays featuring Mr. Anderson and throughout the play it can plainly be seen that for thoroughness and beauty the Essnay Co. have not a peer among film manufacturers. The Lubin drama came in for its share of appreciation. In the same words used by many who saw it, "It was the best ever." This same show given again this evening. For tomorrow and Wednesday Mable Trunnell comes in "The Warning of the Past."

Notice

Bids for band stand will be received by the undersigned up to 5 P. M., Monday, July 20, at the office of the secretary, where plans and specifications are on file. The Park Board reserve the right to reject any or all bids.

BRAINERD PARK BOARD.

DROWNED IN SERPENT LAKE

Deerwood, July 6.—Succumbing to heart failure, Hugo Barthime, bank clerk of the First National bank of Deerwood, was drowned at 2:30 Sunday afternoon in Serpent lake in view of friends on shore.

He was a brother-in-law of H. J. Ernster cashier of the First National bank of Deerwood and related to J. P. Ernster, of Minneapolis. The body will be shipped to the home of his parents in Ossian, Iowa.

Mr. Barthime officiated as best man at the wedding of Arthur E. Helmer and Miss Agnes McCarthy at Brainerd, on June 30. Mr. Barthime was a single man, aged about 25, and well liked by his many friends in Brainerd, Deerwood and the many range towns.

MAKES STATEMENT

City Clerk V. N. Roderick Issues a
Signed Statement Regarding
Recent Robbery

Editor Dispatch:

If you will kindly allow me space in your daily issue, I will hereby publish the following statement concerning the robbing of the City Clerk's office on the 29th day of June, 1914, at which time there was taken from said office the sum of about \$1,388.40 which had been paid and turned over to the city clerk in the usual course of business. On account of the board of equalization being in session the municipal court work and the matter of getting the records, publication of applications for liquor licenses under the new \$1,000.00 dollars system, also refunding of the unearned portion of the old license, took up so much of my time that the said amount of money was allowed to accumulate in the vault of the city clerk's office. The amount of money received was paid into the office through the municipal court, in the payment of fines, deposits, etc., and in the collection of dog tax, hawkers license, license for popcorn wagons, merry-go-round and pool table licenses.

Understand that it has been rumored that the money paid into the office of the city clerk was for retail liquor licenses which is not true, as not one dollar of liquor license money has been paid to or accepted by me.

I was pretty badly battered up by the robbers and am suffering considerably from the effects thereof at this time but am sure that I received no permanent injury.

I wish to state and want everybody to thoroughly understand that every cent due to the city of Brainerd or anyone else that has come into my hands as city clerk or clerk of municipal court will be replaced and made good by me, as I believe that I am responsible for the paying over of this money to the proper party. I now and never have had any desire to shrink the responsibility placed upon me in accepting the office and trust reposed in me by the city council at the time of my election.

Respectfully,
V. N. RODERICK,
City Clerk.

DYNAMITE CASES SETTLED

Charges Against Six Alleged Conspirators Are Canceled.

Indianapolis, July 4.—Judge A. B. Anderson of the United States court, before whom was held the trial of the famous dynamite conspiracy cases in 1912, which involved many prominent labor leaders, disposed of the remaining cases. On motion of Frank O. Dailey, United States district attorney, the cases against Olaf A. Tveitmo, William J. McCain, James E. Ray, Richard H. Houlihan, Fred Shireman and Harry S. Jones were nolle prossed.

SETTLES \$1,200,000
SUIT FOR \$11,000.
Chicago, July 4.—A government suit for the recovery of \$1,200,000 was compromised here for \$11,000. The suit was filed in 1898 against the American Sidelity company and Ernest Heldmaier for alleged breach of contract in connection with the construction of a breakwater at San Pedro. Cal. Attorney General McReynolds ordered the suit dismissed.

ROOSEVELT LEAVES OUTLOOK

Proprietor Says Relations With Teddy Have Not Been Strained.

New York, July 4.—Theodore Roosevelt has resigned from the editorial staff of the Outlook, it was learned. He had been a contributing editor of the publication since March, 1909, when he left the White House.

Lawrence Abbott, one of the proprietors of the publication, said there had been no break in the pleasant relations between the colonel and the magazine management.

Minnesota Income Tax High.

Washington, July 4.—The treasury department gave out a statement showing the income tax law yielded \$372,527 from individuals and \$1,599,592 from corporations in Minnesota.

BRAINERD WINS TWO FROM STAPLES

Fourth of July Game with Staples
Ends with Score 9 to 6 in
Favor of the Locals

BOTH PITCHERS HIT FREELY

Sunday's Game Winds up 5 to 2,
Favor of Brainerd, Alderman
Pitching Good Game

Brainerd won both games of the two-game series with Staples, the Fourth of July game with its record breaking crowds and Victor pitching, going to the tune of 9 to 6 and the Sunday game 5 to 2 in favor of the locals, with Alderman on the mound.

In both games Brainerd showed its superiority to Staples. In Saturday's game Staples blew some money getting an imported pitcher, one Crawford, who it is said has tried to make the national league. Crawford had considerable speed and worked himself to death in the first innings. Brainerd took very kindly to Crawford's delivery and pounded him for 12 good hits.

Young Benda, formerly with the Speedwells, was tried out as shortstop and the Brainerd recruit showed up well. True, he broke a few bats, but he brought in the runs and he didn't wait for a hot liner to land near him but ran up to meet them. The way the boy worked was a very creditable performance and he drew considerable applause.

In the second inning Cook raced to first on a small hit and came home on Sheffield's hit. In the third Benda went out short to first. Given reached first and Erickson hit safely. Victor struck out. Larson's long fly was fumbled and dropped by Fox, in left field. Given and Erickson, but a few feet apart, tore in to the home plate and reached it almost simultaneously, falling down in a heap and bringing in two scores. Larson scored when Cook hit safely and the latter ran bases well and scored before Templeton was put out trying to steal second.

In the sixth inning Brainerd pounded poor Crawford all over the lot, Sheffield, Bush and Benda hitting and scoring. Larson scored again in the seventh. The box score of Saturday's game:

BRAINERD										
	ab	r	h	po	a	e				
Erickson, lf	5	1	1	1	1	0				
Victor, p	4	0	1	0	1	1				
Larson, 2b	4	2	1	4	2	0				
Cook, 1b	4	2	3	6	1	0				
Templeton, 3b	4	0	0	2	1	0				
Sheffield, cf	4	1	2	3	0	1				
Bush, rf	4	1	1	1	1	0				
Benda, ss	4	1	2	1	2	1				
Gavin, c	4	1	1	0	1	0				

Total --- 37 9 12 27 9 5

STAPLES

	ab	r	h	po	a	e
Blanchett, ss	5	1	0	1	4	0
Loom, 3b	5	1	2	0	0	0
Martin, 2b	4	1	1	4	0	3
Johnson, cf	5	1	2	0	0	0
Ellis, 1b	5	0	0	0	0	1
Fox, lf	5	2	3	0	0	1
Schroeder, c	4	0	2	6	3	1
Crawford, p	4	0	2	1	5	0
Wheeler, rf	4	0	1	1	0	0

Total --- 41 6 12 24 12 6

Score by innings:

Brainerd --- 0 1 4 0 0 3 1 0 x—9

Staples --- 0 1 1 0 0 4 0 0 —6

Summary: Two base hits, Fox 2, Schroeder; sacrifice hits, Loom; stolen bases, Cook; struck out by Victor 7, by Crawford 6; bases on balls off Victor 1, Crawford none; passed ball, Gavin; double plays Bush to Cook. Umpires Hall and Elliot.

Sunday's game did not show up so much hitting, but was a better game throughout. Alderman pitched a fine game and showed his stamina by pitching himself out of the pinch. Ellis, Staples star pitcher, proved easy to Brainerd. They bided their time and when Ellis slowed up a little in the eighth, Brainerd turned loose its batting artillery and hammered Ellis to pieces. Erickson, Bush, Larson, Cook and Gavin hit

him. When it was over and three runs had been chalked up, Ellis sat down, wiped his head and wondered how the explosion had happened. In the first inning, before Ellis got under full head of steam, Erickson lifted a small fly and most of the Staples team crowded under the ball and nobody got it. Cook romped around and stole bases and scored as did Erickson.

A pretty double play was made in the third inning. Larson tossing Blanchette's grounder to Benda, who covered second, forcing out E. Schroeder and Benda whipped the ball to Cook, catching the runner Blanchett. The box score of Sunday's game:

BRAINERD										
	ab	r	h	po	a	e				
Erickson, lf	4	2	2	0	0	0				
Bush, rf	3	1	1	2	0	0				
Larson, 2b	4	0	1	2	2	1

DROWNED IN SERPENT LAKE

Deerwood, July 6.—Succumbing to heart failure, Hugo Barthelme, bank clerk of the First National bank of Deerwood, was drowned at 2:30 Sunday afternoon in Serpent lake in view of friends on shore.

He was a brother-in-law of H. J. Ernster cashier of the First National bank of Deerwood and related to J. P. Ernster, of Minneapolis. The body will be shipped to the home of his parents in Ossian, Iowa.

Mr. Barthelme officiated as best man at the wedding of Arthur E. Helmer and Miss Agnes McCarthy at Brainerd, on June 30. Mr. Barthelme was a single man, aged about 25, and well liked by his many friends in Brainerd, Deerwood and the many range towns.

MAKES STATEMENT

City Clerk V. N. Roderick Issues a
Signed Statement Regarding
Recent Robbery

Editor Dispatch:
If you will kindly allow me space in your daily issue, I will hereby publish the following statement concerning the robbery of the City Clerk's office on the 29th day of June, 1914, at which time there was taken from said office the sum of about \$1,388.40 which had been paid and turned over to the city clerk in the usual course of business. On account of the board of equalization being in session the municipal court work and the matter of getting the records, publication of applications for liquor licenses under the new \$1,000.00 dollars system, also refunding of the unearned portion of the old license, took up so much of my time that the said amount of money was allowed to accumulate in the vault of the city clerk's office. The amount of money received was paid into the office through the municipal court, in the payment of fines, deposits, etc., and in the collection of dog tax, hawkers license, license for popcorn wagons, merry-go-round and pool table licenses.

Understand that it has been rumored that the money paid into the office of the city clerk was for retail liquor licenses which is not true, as not one dollar of liquor license money has been paid to or accepted by me.

I was pretty badly battered up by the robbers and am suffering considerably from the effects thereof at this time but am sure that I received no permanent injury.

I wish to state and want everybody to thoroughly understand that every cent due to the city of Brainerd or anyone else that has come into my hands as city clerk or clerk of municipal court will be replaced and made good by me, as I believe that I am responsible for the paying over of this money to the proper party. I now and never have had any desire to shirk the responsibility placed upon me in accepting the office and trust reposed in me by the city council at the time of my election.

Respectfully,
V. N. RODERICK,
City Clerk.

DYNAMITE CASES SETTLED

Charges Against Six Alleged Conspirators Are Canceled.

Indianapolis, July 4.—Judge A. B. Anderson of the United States court, before whom was held the trial of the famous dynamite conspiracy cases in 1912, which involved many prominent labor leaders, disposed of the remaining cases. On motion of Frank O. Dalley, United States district attorney, the cases against Olaf A. Tveitmo, William J. McCain, James E. Ray, Richard H. Houlahan, Fred Shreman and Harry S. Jones were nolle prossed.

Chicago, July 4.—A government suit for the recovery of \$1,200,000 was compromised here for \$11,000. The suit was filed in 1908 against the American Surety company and Ernest Heidmaier for alleged breach of contract in connection with the construction of a breakwater at San Pedro, Cal. Attorney General McReynolds ordered the suit dismissed.

ROOSEVELT LEAVES OUTLOOK

Proprietor Says Relations With Teddy Have Not Been Strained.

New York, July 4.—Theodore Roosevelt has resigned from the editorial staff of the Outlook, it was learned. He had been a contributing editor of the publication since March, 1909, when he left the White House.

Lawrence Abbott, one of the proprietors of the publication, said there had been no break in the pleasant relations between the colonel and the magazine management.

Minnesota Income Tax High.
Washington, July 4.—The treasury department gave out a statement showing the income tax law yielded \$372,827 from individuals and \$1,599,592 from corporations in Minnesota.

DEVELOPMENTS OF WEEK ON RANGE

(Continued from Page 2)

1916 and each and every succeeding year thereafter not less than 50,000 tons. H. J. O'Brien is president of the Cuyuna Iron Ore Co. and Archibald McKay secretary. The land lies in lots 8 and 9 of section 18, township 46, range 29. Of the Williams-Carlson Ore Co., David Williams is president and Will C. Brown secretary.

There has also been placed on record the three leaseholds conveyed by the Williams-Carlson Ore Co. to Wallace H. Rowe, of Pittsburgh. These cover first a mining lease dated September 4, 1912 wherein Gust Carlson and Anna J. Carlson, his wife, are lessors, the term of years being 50, and covering the southwest quarter of the northwest quarter and the northwest quarter of the southwest quarter of section 17, township 46, range 29. The second is a mining lease dated September 4, 1912 wherein David Williams, Will C. Brown and Alice P. Waite are the lessors, term of years 50 and covering the northeast quarter of the southeast quarter of section 18, township 46, range 29. The third is a mining lease dated February 7, 1913 wherein the Cuyuna Iron Ore Co. is lessor covering lots 8 and 9 in section 18, township 46, range 29. The royalty is specified at 60 cents a ton. The royalties agreed to be paid and any advance royalties shall be paid by Rowe direct to the lessors in the leases mentioned and the remainder of the sum of 60 cents to the Williams-Carlson Ore Co. There shall be mined on and after July 1, 1913, 150,000 tons a year, and according to this the Rowe pit mine is due to get out 300,000 tons of ore this season. Wallace H. Rowe then assigned to the Pittsburgh Steel Ore Co. all mining leases as above specified.

It is reported that the Iron Mountain Mining company will soon commence operations. Its mine is tapped by the Soo line. At the Duluth-Brainerd mine near Manganese they have put in a new boiler and drifting from the shaft to the ore body is now in progress. The Cuyuna Northern railway extension from the Cuyuna-Mille Laes mine to the Duluth-Brainerd mine has been built and the steel has now been laid to the end of the extension. The Cuyuna Central Iron Co. has two drills working about a half mile east of Manganese and a big deposit of high grade ore has been discovered. Osterberg & Johnson have a drill working in section 22, township 47, range 29.

DEMOCRATS TO SEE TEDDY

Roosevelt Laughs When Told Penrose Plans to Publish Letters.

Oyster Bay, N. Y., July 4.—It was learned that following the visit of Mayor Mitchell to Colonel Roosevelt other Democratic leaders probably will come to Oyster Bay to confer with the former president.

Colonel Roosevelt laughed when he learned that Senator Penrose of Pennsylvania had promised to publish letters written to him by the colonel when president if the latter made another attack on him.

"I shall be delighted," he said.

CHICAGO DRY WAR LATER

Anti-Saloon Campaign is Postponed to 1916.

Chicago, July 4.—The fight to make Chicago "dry" under the local option act was put off until the spring election of 1916 at a meeting of the committee representing the anti-saloon organizations and the ministerial association. In the meantime the "dry" forces will raise a fund of \$25,000 for the campaign.

"The wet and dry" issue was eliminated as the decisive issue of the 1915 mayoralty contest after a three-hour debate.

PAROLED ON CLARK'S PLEA

Governor of Missouri Extends Clemency to Murderer.

St. Louis, July 4.—John David Shea, fifty-five years old, who has been serving a life sentence in the Missouri penitentiary for the murder of Policeman Patrick Doran of St. Louis in 1881, was paroled by Governor Major on the recommendation of Speaker Champ Clark.

The head of the St. Louis Bertillon bureau reported two years ago that Shea was enfeebled in mind and body.

TWO SERVE FOR SAME CRIME

President Opens Gates of Leavenworth to Innocent Man.

Washington, July 4.—A case of two men serving sentences for the same crime was revealed when President Wilson signed a commutation, which will open the doors of Leavenworth penitentiary to Samuel Soltrane, doing a life sentence there for a murder to which a prisoner in the Oklahoma state penitentiary recently confessed.

HIS KNOCKOUT PUNCH FATAL

Falls Dead in Demonstrating How Fighters Win Decisions.

Superior, Wis., July 4.—"I'll just show you how fighters put over their knockout punches," said Martin Thompson, a laborer, forty-five years old, as he squared away for a boxing contest with a friend.

He made one pass and fell dead. Death was attributed to heart failure.

COMPENSATION ACT UPHELD

Minnesota Statute Declared Valid by State Supreme Court.

St. Paul, July 4.—The workmen's compensation act passed by the last legislature was upheld in its entirety by the state supreme court.

As a result of the decision Ole Matheson, city laborer, Minneapolis, who lost his right leg when a street car ran over it Nov. 7, 1913, will get \$9 a week for 175 weeks, totaling \$1,575.

The law was tested on an appeal by Matheson from the Hennepin county court on the ground that the law was unconstitutional.

The supreme court holds that the constitutional requirement that all persons shall receive equal protection under the law is not infringed by this piece of legislation, and, finally, that the act contains no provision prohibited by the state or federal constitution.

TWO DIE IN TENEMENT FIRE

Three Others Fatally Injured in New York City.

New York, July 4.—Bowed in prayer before a window, Mrs. Hannah Nickire, aged forty-five, and daughter Sarah, aged nineteen, perished in an incendiary fire in a five-story apartment house.

Three others are dying. One hundred residents were saved by the police and firemen. The police aroused the tenants by firing their revolvers.

Patrolman Shasbarger swung a family of six to safety across a five-foot chasm between buildings. Jacob Falkenstein jumped from the fourth floor, lit on a clothes line and spun around until patrolmen saved him.

First Thing in the Case

the Printer always picks is PEERLESS.

Not "Pi", Mr. Printer, but P-I-E. It's the real old toothsome pie for you, too, when you get hold of PEERLESS tobacco. You're never mugged up when you've got PEERLESS. It's a rich, healthy smoke or chew; and the printer is glad of a chance to use printer's ink to tell the rest of the world how good it is.

PEERLESS

Long Cut Tobacco

has been a prize favorite with printers and all live, hustling ne-boys for fifty years.

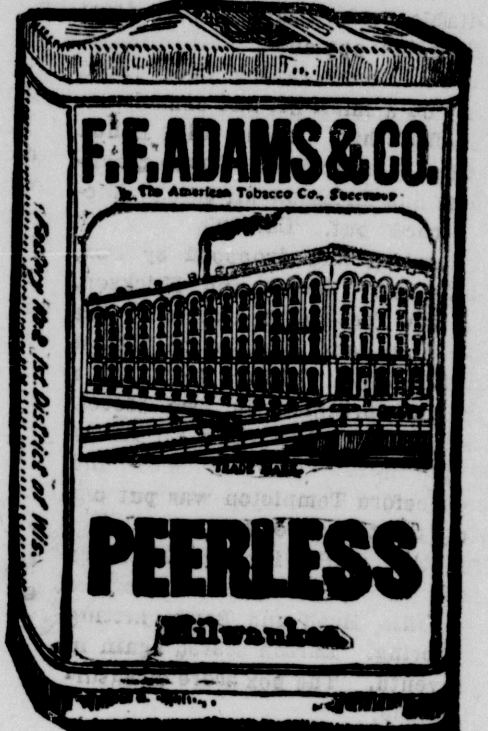

We've kept PEERLESS quality right up to top notch for half a century. We don't let PEERLESS go out of the factory until the tobacco has been aged from three to five years, so that all the rich, mellow, natural sweetness of its Southern Kentucky leaf is at its best.

When you're tobacco hungry, you want clean, honest, juicy tobacco with some backbone to it. You never see a PEERLESS user switch to some other brand. He knows nothing can compare with PEERLESS for downright tobacco satisfaction.

A week's trial of PEERLESS will prove this to you—will make you a permanent user of PEERLESS. Sold everywhere in 5c packages.

Other sizes in 10c, 20c and 40c Packages, and 45c Tin Pails.

THE AMERICAN TOBACCO COMPANY

Application for Liquor License

To the council of the city of Brainerd, Minnesota:

The undersigned, Thomas McIntyre, hereby makes application for a license to sell intoxicating liquors, at, upon and in the room and premises described as follows, to-wit: No. 517 Laurel street, on the ground floor, in the City of Brainerd, from July 20, 1914, until July 20, 1915.

Dated July 3, 1914.

(Signed) THOMAS MCINTYRE.

Said applicant has been licensed to sell intoxicating liquors in the City of Brainerd, Minn., from May 7th, 1914, to July 1st, 1914.

Notice is hereby given that a hearing on the above application will be had on July 20th, 1914, at 8:00 o'clock p. m. at the regular meeting of the City Council of the City of Brainerd.

Dated July 3, 1914.

V. N. RODERICK, City Clerk.

In adversity it is easy to despise life. The true, brave man is he who can endure to be miserable.—Martial.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it incurable, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. Cheney & Co., Toledo, O. Sold by Druggists. Take Hall's Catarrh Pills for constipation. Advt.

FOR SALE

108 acres on the shore of Crooked lake, partially improved, 14 miles from Brainerd, 8 miles from Deerwood, right in the heart of the Bay Lake Fruit Growers; A first class fruit-growing, stock-raising, or agricultural proposition. New York, July 4.—Bowed in prayer before a window, Mrs. Hannah Nickire, aged forty-five, and daughter Sarah, aged nineteen, perished in an incendiary fire in a five-story apartment house.

Three others are dying. One hundred residents were saved by the police and firemen. The police aroused the tenants by firing their revolvers.

Patrolman Shasbarger swung a family of six to safety across a five-foot chasm between buildings. Jacob Falkenstein jumped from the fourth floor, lit on a clothes line and spun around until patrolmen saved him.

COURT HOLDS NEVADA DIVORCE LAW VALID.

Carson City, Nev., July 4.—The validity of the new state divorce law was upheld by the supreme court here. The opinion is signed by a full court. The new law requires a year's residence in the state instead of six months.

Great Travelers.

Washerwomen are great travelers. They often cross the line and go from pole to pole.

First Thing in the Case

the Printer always picks is PEERLESS.

Not "Pi", Mr. Printer, but P-I-E. It's the real old toothsome pie for you, too, when you get hold of PEERLESS tobacco. You're never mugged up when you've got PEERLESS. It's a rich, healthy smoke or chew; and the printer is glad of a chance to use printer's ink to tell the rest of the world how good it is.

PEERLESS

Long Cut Tobacco

has been a prize favorite with printers and all live, hustling ne-boys for fifty years.

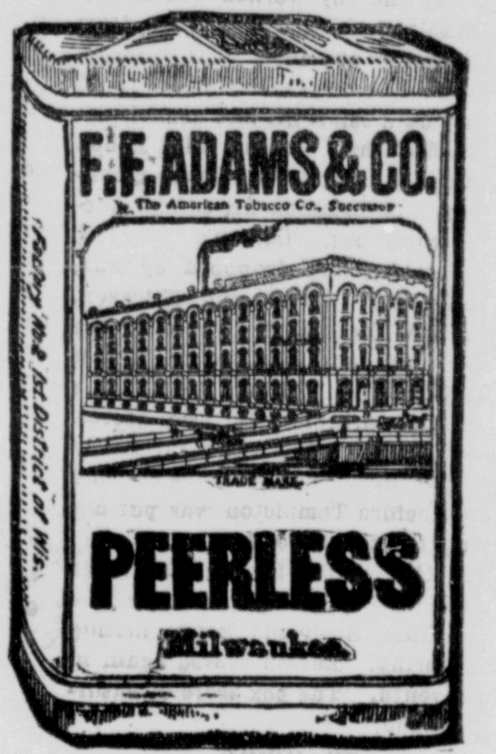

We've kept PEERLESS quality right up to top notch for half a century. We don't let PEERLESS go out of the factory until the tobacco has been aged from three to five years, so that all the rich, mellow, natural sweetness of its Southern Kentucky leaf is at its best.

When you're tobacco hungry, you want clean, honest, juicy tobacco with some backbone to it. You never see a PEERLESS user switch to some other brand. He knows nothing can compare with PEERLESS for downright tobacco satisfaction.

A week's trial of PEERLESS will prove this to you—will make you a permanent user of PEERLESS. Sold everywhere in 5c packages.

Other sizes in 10c, 20c and 40c Packages, and 45c Tin Pails.

THE AMERICAN TOBACCO COMPANY

Application for Liquor License

To the council of the city of Brainerd, Minnesota:

The undersigned, Thomas McIntyre, hereby makes application for a license to sell intoxicating liquors, at, upon and in the room and premises described as follows, to-wit: No. 517 Laurel street, on the ground floor, in the City of Brainerd, from July 20, 1914, until July 20, 1915.

Dated July 3, 1914.

(Signed) THOMAS MCINTYRE.

Said applicant has been licensed to sell intoxicating liquors in the City of Brainerd, Minn., from May 7th, 1914, to July 1st, 1914.

Notice is hereby given that a hearing on the above application will be had on July 20th, 1914, at 8:00 o'clock p. m. at the regular meeting of the City Council of the City of Brainerd.

Dated July 3, 1914.

V. N. RODERICK, City Clerk.

In adversity it is easy to despise life. The true, brave man is he who can endure to be miserable.—Martial.

There is more CATARRH in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it incurable, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. Cheney & Co., Toledo, O. Sold by Druggists, etc. "Take Hall's Catarrh Pills for constipation."—Advt.

Bladder irritations, kidney troubles

dull headaches, weariness, pain in back and sides, all show the kidneys need to be toned up, strengthened, their regular action restored. Foley Kidney Pills will do it surely and quickly. They give good health, freedom from pain, a return of appetite and sound sleep. Try them. H. P. Dunn.—Advt. mwf

Comforting to Stout People

Foley Cathartic Tablets are a specially good little regulator that keeps your system in perfect working order. No biliousness, no constipation, no distress after eating, no greasy, gassy taste. A stout person who uses them constantly will really feel thinned out and more comfortable as a result of their use. H. P. Dunn.—Advt. mwf
